Education

University Institute of Technology RGPV	Bhopal
B.Tech. Computer Science	2020 - 2024
Percentage: 85.5%	

Shrikanwartara pub. Hr. sec. school	Mandleshwar
CBSE - 12th Maths Science	2019 - 2020
Percentage: 84.2%	

Core Subjects

Data Structure and Algorithm
Computer Network
Theory of Computation
Operating System
Database and Management System
Discrete Mathematics
Compiler Design

Skills

Programming Languages: C++, #Web Development : HTML, CSS
Libraries/Frameworks: BootStrap .
Tools / Platforms: Git, GitHub, VS Code,
Databases: MySQL
Leadership

Projects / Open-Source

IoT Based Home Automation System

An IoT-based home automation system refers to a network of interconnected devices and appliances within a home that can communicate with each other and be controlled remotely through the Internet of Things (IoT) technology. This system enables homeowners to monitor and control various aspects of their homes, such as lighting, temperature, security, entertainment systems, and more, using their smartphones, tablets, or other connected devices.

Certifications

Operating Systems, DBMS, Computer Networks, Compiler Design, COA
Data Structures & Algorithms in C++ , Problem Solving , OOP Concepts – Great Learning

Honors & Awards

GATE AIR-370 (GATE Score : 716/1000 , Marks : 65/100) in GATE 2023.

Volleyball Division player

Kabaddi Division player

Yoga Division player
